'Old trees' draw attention

TAKING A SECOND LOOK-- The Beal Plantation, located on the east edge of Grayling, has been drawing quite a bit of attention recently. The trees, planted in 1888, are important from both a scientific and historic point of view. Pictured here are (left to right) Jerry Meyer, Executive Director of the Grayling Regional Chamber of Commerce, James McMillan, Area Forest Manager for the Michigan Dept. of Natural Resources, and Dan Sikarskie, Coordinator for Huron Pines Resource Conservation and Development Council, Inc. The 1996 general election is scheduled for Nov. 5, but the Grayling High School student body and other high schools across the United States will be voting a little sooner.

The Grayling students and staff members will be participating in a national mock election Oct. 30. The results of this vote, and other similar mock votes in the nation, will be televised on CNN during the primetime achedule Oct. 30.

The election at Grayling High School will be run by the Project

Involvement Class instructed by Howard Lehti. The class will provide publicity, voting statistics, workers for registration and polling day and also be responsible for the voting tabulation.

The mock election ballot will contain the presidential and congressional races for the national format. Lehti said the Grayling ballot could contain other issues and/or races, but most likely the class will stay with these three races.

When Grayling students go to the polls, they will choose from

Future snowmobile trail may include Grayling

by Eric Gaertner **News Editor**

A Frederic-to-Grayling snowmobile trail may become a reality, especially if a state legislator and local chamber of commerce executive director have anything to say about it.

Legislation was passed last year to create a Frederic-to-Gaylord trail alongside a railroad track system. This year officials are looking to extend that snowmobile trail to Grayling.

State Representative Allen Lowe (R-Grayling) has been working on getting the bill through the state legislature.

The bill currently is in the conservation committee's hands, Lowe said.

Lowe said he talked with the committee chairman and he said as long as the group could get the okay from the local municipalities, the Department of Natural Resources and other agencies, than the bill could be passed this calendar year.

In fact Lowe estimated that the legislature would look at acting on the snowmobile trail bill when the representatives and senators are back in session, a week after the November General Election.

The Grayling City Council directed the city manager to write a letter of support for the trail project to Lowe.

This trail would run through Grayling near the I-75 business loop, said Jerry Meyer, Executive Director of the Grayling Regional Chamber of Commerce. It would allow for access to Grayling area businesses and motels.

Although this is a great opportunity to increase tourism by snowmobilers, Meyer said he also would like to see this route as a year-round trail.

Meyer mentioned the possibility of using the trail for mountain biking.

"We think there is a bicycle opportunity in this area that we could expand on," Meyer said.

Ballot proposals: No, no, no, yes, no, yes

TUCKED IN AT the end of the November 5 ballot will be six policy questions for Michigan voters to decide.

Red Wing fan asks for help

To the editor:

This is an open letter to all of the Detroit Red Wing Fans in Northern

As I am sure you have noticed, Fox Network out of Cadillac is no longer broadcasting any Red Wing games.

I personally contacted Channel 33 to ask why the broadcasting of games was discontinued. I was told by the station that the Fox "Parent" station will not let Channel 33 preempt any regularly scheduled broadcasts for hockey games.

So that means of the 82 regular season games, we in Northern

Michigan will get to see 39 of them. To me this is totally unacceptable. I

am hoping other Red Wing fans feel this way too.

I am urging everyone who wants to see ALL of the games to call your local cable company and put in a request that they add WKBD-Channel 50 out of Detroit to their cable listing. Channel 50 shows ALL games that PASS does not.

Please do it today. Hopefully by the coming of the new year, Red Wing fans will once again be cheering.

Resident questions local politician

To the editor.

Three weeks ago Paul Harvey qualify for Level 2 assessor, maybe quoted a Senator who said in effect, "I can't believe that they are going to let these problems be solved by a majority vote."

We have a local politician ---

1) who doesn't feel that 63 votes constitute enough of a majority,

2) who doesn't know that no one is indispensable,

3) who does not believe others can even in less than 8 months, and

4) who apparently believes that 12 years in office qualifies him for a lifetime job. Could it be the job gives him a

feeling of power, prestige and control that he doesn't want to lose?

Proposal D would prohibit the use of bait and dogs to hunt bears. Violators could lose their hunting licenses and be subject to fines and lawsuits. In an effort to promote this ban, Citizens United for Bears (CUB) is using millions of dollars in contributions from out-of-state animal rights extremist groups to present a distorted picture of bear hunting in Michigan.

It's already illegal to kill bear cubs or to kill the mother bear if the cubs are

Currently more than 90 percent of bears are harvested by these means. The effect of Proposal D would be to eliminate bear hunting in Michigan and greatly increase human and bear confrontations. Unfortunately, outlawing bear hunting appears to be only the first step for Proposal D backers.

Let's use our reason and not unbridled emotion to make the best possible decision for Michigan and preserve the north's outdoor heritage.

State Senator

State Representative **Supports Proposal C**

To the editor,

As chairman of the House Senior Citizens and Veterans' Affairs Committee, the veterans' organizations asked me to draft a proposed constitutional amendment that would protect the Michigan Veterans' Trust Fund (MVTF) from legislative budget raids.

The MVTF was created in 1946 to help needy veterans with emergency needs. It has since been expanded to include college tuition for dependents of deceased vets.

However, in 1959 and 1976 the legislature took the money in the MVTF to use in the state's General Fund. Governor Engler made it a priority to repay the fund and with the Legislature's help did so in 1995.

Both the Michigan House and Senate unanimously voted to place my proposed amendment before the voters. That language is Proposal Con-

you should remember as you go to the 1. This proposal does not involve

The Bible Speaks

From the Calvary Baptist Church

Moral Absolutes

Why does Bible Theism claim to rest upon moral absolutes? Our answer is based upon God's Person, His Work, and His Word. We have received a hierarchy of moral commandments from God. The two supreme commandments are positive. As Christ personally said, "And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. And the second is like, namely this. Thou shalt love thy neighbour as thyself. There is none other commandment greater than these." (Mark 12:30-31)

God's ten commandments expand and explain the two supreme commandments. God personally revealed His standards for national law and citizen conduct, "And the LORD spake unto you out of the midst of the fire: ye heard the voice of the words, but saw no similitude: only ye heard a voice. (13) And he declared unto you his covenant, which

he commanded you to perform, even ten commandments; and he wrote them upon two tables of stone." (Deuteronomy 4:12-13) From these ten commandments the other hundreds of Bible commandments flow in an orderly revelation from God's Word.

After the death of the first generation which disobeyed God's commandments and died, God repeated His commandments to the next generation through Moses saying: "The LORD our God made a covenant with us in Horeb. (3) The LORD made not this covenant with our fathers, but with us, even us, who are all of us here alive this day." (Deuteronomy 5:2-3) Then God's commandments were restated to the next generation.

God's morality from His commandments continued. The apostle Paul repeated the second half of the ten commandments in Romans 13:9 of the New Testament: "For this, Thou shalt not commit adultery, Thou shalt not kill, Thou shalt not steal, Thou shalt not bear false witness, Thou shalt

not covet; and if there be any other commandment, it is briefly comprehended in this saying, namely, Thou shalt love thy neighbour as thyself."

In the history of the Didache attributed to the teaching of the twelve apostles in 85 A.D. we find a strong stand on God's commandments: "Thou shalt not commit murder; thou shalt not commit adultery; thou shalt not commit sodomy; thou shalt not commit fornication; thou shalt not murder a child by abortion, nor kill a baby after it is born either. Thou shalt not covet thy neighbor's goods; thou shalt not bear false witness ..."

Can the neo-pagan elite of our generation be better judges of what is right a wrong for our nation than the God of our Judeo-Christian ancestors? Pastor "B"

Duane VanDrese joined the new and exciting things happening Crawford AuSable School District here." faculty this fall to teach seventh and eighth grade geography at Grayling Middle School.

He said he hopes that, in his new position, he can help his middle school students "gain an appreciation of the importance and relevance of geography."

VanDrese graduated from Northern Michigan University with a bachelor of science degree in elementary education and a double minor in English and social studies.

Before coming to Grayling, he taught in a fifth grade summer school program in Manistique.

He has a son, Drew, who is two years old.

Michael Branch is principal of the building in which VanDrese works.

"Duane is an enthusiastic young man whom we're very happy to have on the staff," said Branch. "He's enthusiastic not just toward his teaching, but to get involved with co-curricular activities

here and at the high school. "He has good rapport with his students already. They seem to like him quite a bit and he blends very well with our staff."

Marti Ingvarsson, middle school language arts instructor, served on the team that interviewed VanDrese last summer.

"Duane is positive and enthusiastic, warm and friendly," said Ingvarsson. "He has high expectations for his

Area high school violinist sought to perform with orchestra

Kirtland Center for the Performing Arts has negotiated with the Traverse Symphony Orchestra to allow one area high school violinist to perform with the symphony at their Christmas Concert at Kirtland on December 14.

The violinist needs to be a high school student (9th-12th grade) who attends classes in either the Houghton Lake, Gerrish-Higgins, Grayling, Ogemaw, Fairview or Mio-AuSable school districts.

Selection will be made from audio cassette recordings of each student playing a solo work. Maestro David Holland, Resident Conductor for the symphony, will make the final selection.

The work for evaluation should be at the beginning of side "A" on an otherwise blank cassette tape. There should be no writing or identification of any type on the cassette. Tapes will be code numbered as they arrive, this will provide for a true unbiased selection by Maestro Holland. Each

violinist must include a sheet of paper indicating their name, address, phone number, school district and grade. Notification should be made no later than November 11.

Tapes should be submitted to Ron Koenig, Kirtland Community College, 10775 North Saint Helen Road, Roscommon, MI 48653, no later than Monday, Nov. 4. Keenig can be reached at 517-275-5121, ext. 311.

OBITUARIES

Evelyn R. Ward

Evelyn R. Ward, 76, died October 17, 1996, at Tendercare Nursing Home in Gaylord. She was born October 13, 1920 in Detroit to Marshall D. and Anola F. Koontz. Both parents are deceased.

She is survived by her husband, Robert S. Ward of Gaylord; son, Don and Donna Carl of Grayling; son, Richard and Connie Carl of Wapakonetta, Ohio; son, Everett and Jan Carl of Waterford; brother, Orville Koontz of Florida; ten grandchildren;

and five great-grandchildren. Mrs. Ward, a former resident of Grayling and Roscommon, resided in Gaylord for the past twelve years. She was a retired sales demonstrator, and a homemaker. She was preceded in death by her daughter, Sharon Anola Carl. Her family suggests memorials be directed to the American Cancer Society.

The graveside service and interment of ashes was held Monday, Oct. 21, at Elmwood Cemetery in Grayling.

Card of thanks

We would like to thank our friends and relatives for the many kindnesses shown us during the recent loss of Horace L. Failing.

To those who sent flowers, offered masses, and brought food to our home, it was greatly appreciated. A special thanks to Derck McEvers and his staff at the Sorenson Funeral Home for the help and concern shown us. We appreciate the Rosary offered by the Knights of Columbus, Council 1982 and the luncheon served by the ladies of St. Mary's.

The 4-H program is looking for a few people to coach for this year's Odyssey of the Mind competition.

"The Odyssey of the Mind program was in Grayling three years ago. Unfortunately the chairperson of the program retired, and no one took it over," said Nancy Persing 4-H program assistant

According to Persing the 4-H program would like to begin it again, and is in the process of seeking coaches and judges as well as interested students to participate.

Odyssey of the Mind is a program that allows children to solve problems such as building a mechanical device and using problem solving skills in creative ways.

competition is to be done by the children. All plans and ideas of resolving these problems are strictly up to each team and its members. Competitions are judged in divisions, these divisions are split by present a humorous performance that age groups: Division one is children 12 years or younger by July 30, 1997; Division two is any child less than 15 by July 30, 1997; and Division three is

any child less than 19 by July 30,

Each category needs both a coach and a team. Today the 4-H program has three coaches signed up. There are currently six available categories to choose from. Additional coaches are needed to retain each category, otherwise some will have to be dropped. So if you are interested contact Nancy Persing at the 4-H office 348-2844 ext. 264.

"Coaches may choose the category they are most comfortable with, as well as the place and time for each meeting. Coaches will help guide the teams with rule compliance and support," said Persing.

"The focus of this program is to both allow children to resolve a given problem and to do it while working as a team member. Many of these qualities will be useful throughout their entire lives," said Persing.

This year's categories from which to choose are as follows:

 Balloonacy Cars — design and run three vehicles that break moving and stationary balloons.

 OMerdroid — create and present a humorous performance that includes a team-made android that has human features.

Each participating Odyssey of the Classics — create and present a Mind team will consist of five to seven performance about archaeology that children and one coach. The coach includes four team-made artifacts and will be knowledgeable of the rules and a team member who portrays an help the children stay on track, archaeologist,

> Double Trouble — design and build one balsa wood and glue structure that is made up of one bridging structure, and one load bearing structure.

> Heroic Proportions — create and includes a character that has one or more out-of-proportion characteristics, or is extremely large or small.

> · The Good News -- create and present a television news broadcast that includes three stories. It also must include a humorous news anchor and live news clip.

The registration for participants is This division is a non competitive due by November 8 at the 4-H office, group that will be part of the lower level of the Crawford County Courthouse.

> The regional competition will be held March 1, 1997, in Alpena.

Formula allocates fewest dollars to Crawford County

by Eric Gaertner **News Editor**

Emergency Federal Management Agency (FEMA) in Washington D.C. announced October 16 that \$100 million in federal funds has been made available to held feed the hungry and shelter the homeless during fiscal year 1997.

Based on a FEMA formula, focusing on unemployment statistics and poverty rates in each county, Crawford County was allocated the least amount of money in Michigan.

The 83 counties in the State of Michigan were allocated a total of \$3,085,872. Crawford County has been allocated \$5,791.

The National Board of FEMA, made up of representatives from the American Red Cross, Salvation Army, United Way and other service organizations, uses the unemployment and poverty rate formula to determine county allocations, said Mark Wolsson of FEMA in Washington D.C.

According to Wolsson, this means unemployment and poverty rate formula figure in Michigan.

This marks the 14th year that Congress has appropriated funds for

those with non-disaster emergency needs under the Emergency Food and Shelter (EFS) National Board

Program. "These funds will reach more than 10,000 nonprofit and local government agencies in every state," FEMA Director James Lee Witt said. "The money will supplement their efforts to

provide emergency food and shelter." Grass roots involvement has been a hallmark of the EFS program. Final funding distribution is done at the local level.

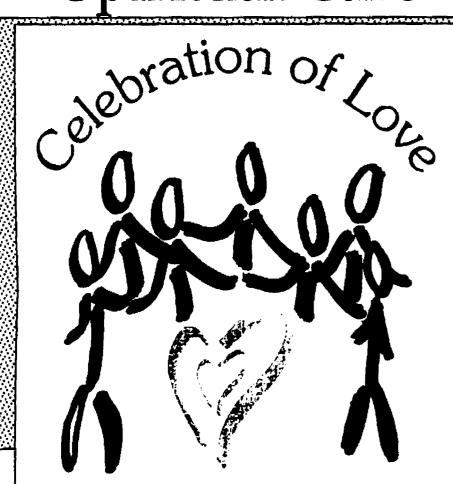

Each jurisdiction receiving federal money has a local board whose composition mirrors that of the national board. These local boards advertise the availability of funds, establish local priorities, select the nonprofit and government agencies to receive EFS funding and monitor program compliance.

Each state also gets a certain amount of money for a State Set-Aside Committee. This money can be used to fill-in any areas the committee believes aren't being sufficiently covered by the initial federal allocation.

The Michigan State Set-Aside Committee was allocated \$288,492 for fiscal year 1997.

HAVE A SAFE HALLOWEEN -- To help insure that the youth of the Grayling area have a safe Halloween, McGruff the Crime Dog will be distributing special reflective trick-or-treat bags. The program is sponsored by the Crawford County Deputy Sheriff's Association and the Kiwanis Club of Grayling. Pictured above (from left to right) are Cindy Olson, representing Hanson Hills; Toby Shambarger, President of Kiwanis; Tammy Kent, Youth Services Chairman of Kiwanis; McGruff the Crime Dog; and Crawford County Deputy Sheriffs Tim Coe and Dave Vogel. Approximately 1,500 of the reflective bags will be handed out to all students in Grayling and Frederic that are in kindergarten through fifth grade. Pre-schoolers in the area will also be given bags. McGruff plans to visit each classroom to talk with the students about how to stay safe at Halloween. Bags will also be distributed at the Hanson Hills Spookfest. Photo by Lisa Hofman

KIRTLAND COMMUNITY COLLEGE NEWS

Dr. Dorothy Franke, president of Kirtland Community College, Mrs. Sandy Figley, assistant to the president, and Robert Bovee, a trustee of Kirtland Community College recently attended the Annual Convention of the Association of Community College Trustees (ACCT), where community college governing board members learned creative, innovative solutions and strategies for the challenges facing their colleges and communities.

Held this year in Miami Beach, Florida, the convention is a major trustee development activity offered by ACCT. Attending the convention were over 1,500 community college governing board members and administrators from the United States, Canada, and around the world.

Within the theme of "Leading the Community's College: New Strategies for 'The New World'," top speakers

focused on the role of community colleges in the 21st century, collaboration in the community college, values and trust in community college education. and community colleges' role in a global society.

The convention program offered a special one-day symposium on strategic visioning and institutional advancement, and five general sessions, nine academies, 43 concurrent sessions, seven interactive discussions, and over 30 roundtable discussions.

The Florida Association of Community Colleges, with local host Miami-Dade Community College, provided planning, promotion, hospitality, and on-site assistance.

The purpose of ACCT is to strengthen the capacity of community. technical, and junior colleges to realize their missions on behalf of their communities through the development of effective lay governing board leadership and advocacy at local, state, and national levels.

Corrections

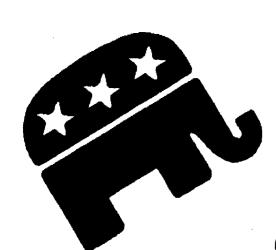

In the "No party affiliation runs for office" story in last week's Avalanche, Linda Franklin's current position in the Crawford County clerk's office was not reported correctly.

Franklin is the deputy circuit court clerk, not the circuit court clerk.

Allison Lee was incorrectly identified as "Michelle Lee" in last week's edition.

The 10-3-96 edition contains an error in the story on the Rialto Theater. Thomas Stancil was the son-in-law, not the son, of Mrs. George Olsen.

Ask The Dentist

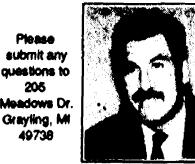

"I have pain and tendernose in my jaw, as well as headaches. My dentist says I have TMJ

TMJ stands for the temporal mandbular joint. This is the joint where the mandible (lower jaw) attaches to the skult. It is a unique apparatus in that it is a combination of a skiding, as well as a hinge joint This allows interal (side to side) and up and down

novement when food is masticated (chewed) Problems can occur with the TMJ when the upper and lower teeth don't come together properly and cause abnormal stresses on the muscle and ligaments surrounding the joint. This is aggrevated by clenching or grinding of the teeth, which irrequently occurs when the patient is under street, or even while sleeping

Treatment varies with the severity of the problem Usually a bite splirit or night guard, which lits over the teeth and distributes occlusel forces evenly, will relieve the discomfort. Various medications will aid in relaxing spastic muscles and avoiding hard foods can help. Mild electrical stimulation applied to the TMJ area has been successful in some cases. Finally, if the TMJ has been severely damaged due to degenerative arthritis or other causes, surgery to

repair or replace the joint may be the solution.

Dear Citizens of Crawford County

I am the oldest of the six children born to Ed & Shirley Rutkowski. Some of you natives and long-time residents may remember my dad, "Colonel Ed". He had a long and distinguished career in the military, concluding his career as the longest serving Commander in the history of Camp Grayling. As a native of this area, he was as committed to Crawford County as he was to his career. He worked vigorously to improve the relationship between the community and the military by expanding the facilities at the Camp to enhance our local economy. He was diligent in his efforts to create a better understanding between Camp Grayling and local citizens.

I share my father's strong work ethic, as well as his commitment to this community. In the two years that I have been the Deputy Court Clerk, I have enjoyed being of service to this community, and I am eager to expand my range of services to include all areas of the Crawford County Clerk/Register of Deed's responsibilities.

During my tenure as Deputy Court Clerk, I have been a member of AFSCME Local 2759 and have worked closely with the Chapter Chair and Steward on many issues. I am grateful that the members of this Local have voted to endorse my candidacy for County Clerk/Register of Deeds and I vow to continue to work with them as a team to promote a harmonious working atmosphere within the Crawford County Courthouse.

As a member of the Crawford AuSable Board of Education, I have been committed to both quality in education and fiscal responsibility to taxpayers. If elected County Clerk/Register of Deeds, my commitment to quality and fiscal responsibility will continue at the County level.

I am eager to put my business and management skills to work for you. I would appreciate your consideration and your **VOTE** for **CRAWFORD COUNTY** CLERK/REGISTER OF DEEDS on November 5th, 1996.

Sincerely,

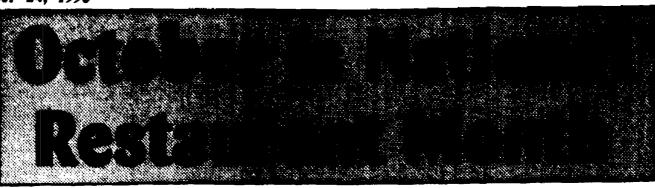

Linda B Franklin

Interest in Plantation re-kindled

by Jim Brinkman Special Writer

It's been around for over one hundred years but most Crawford County residents have been completely unaware

Now folks are taking notice.

It's the Beal Plantation, located in the Grayling Industrial Park just east of 1-75.

"These trees represent a major forestry experiment," said Professor Frank Telewski of Michigan State University last week.

Professor Telewski was addressing a group of about 20 gathered in front of the trees Tuesday afternoon, Octo-

The group included representatives from state and federal agencies as well as tree farmers and representatives from various forest-related industries. In all, about 20 people listened to Professor Telewski's remarks prior to taking a short hike through the trees to see them close up.

Dan Sikarskie, Coordinator for Huron Pines Resource and Development Council, Inc., of Grayling, credits Huron Pines Forestry Committee Chairperson, Roger Rasmussen, with doing groundwork for the Oct. 15

All in the group agreed that the trees must be saved. Professor Telewski went so far as to say that the site may be the only one in the entire country where the beginning of reforestation is so well preserved and documented.

Future administration of the plantation ranks high on the list of decisions to be made regarding the plantation.

The trees were planted on May 23, 1888 under the supervision of Professor William James Beal of the Michigan Agricultural College (now MSU).

The land around Grayling had already been largely denuded of the original forest and the experimental plantation was established so researchers could see how well various types of trees and shrubs would fare on the dry, sandy soils so common to central northern Michigan.

Nearly 50 kinds of trees were planted.

The trees were measured in a 1903 inventory of the plantation. Additional

The most recent survey, in 1968, was made by the Forest Managen Division of the Michigan Department of Natural Resources. Earlier surveys and inventories were made by the agricultrual college.

1920 and 1968.

Some of the trees were damaged in a windstorm in 1974 and the debris was removed. Otherwise, there has been no recent activity at the site.

Altogether, about five acres was planted. The state owns most of the trees, but a few are on adjoining Georgia-Pacific property.

The Beal Plantation was not the only one planted in the 1880s in Michigan, but it is probably the best docu-

Other stands of trees were planted in Oscoda County and near Harrison in Clare County but foresters aren't even certain exactly where the Harrison

Professor Beal is best remembered for establishing the first seed-testing laboratory in the United States. This, according to M. Kuhn in "Michigan

State, the First Hundred Years," was the "first in a chain that led to the inventories of the trees were made in modern miracle of hybrid corn."

> The Beal Plantation may be found in the Michigan Forest Association's guidebook, "Michigan's Famous and Historic Trees."

> The Michigan DNR, as "caretaker" for the property, has protected it down through the years and the plantation was excluded from the transfer of adjacent lands to the city of Grayling 15 years ago.

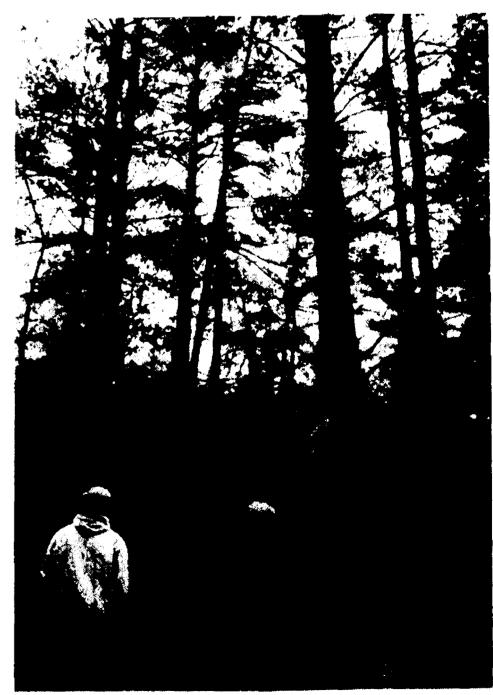

> It is possible that, through the Parks Division of the DNR, which has expressed an interest in Beal's trees, an ancillary park to Hartwick Pines could be established.

The plantation would be an extension of Hartwick Pines State Park's interpretive program.

Michigan's Nineteenth Century lumber barons were notorious for "cutting quickly and getting out." Most of them saw the trees as a way to accumulate great wealth.

Professor William J. Beal saw the trees differently. In an era of exploitive, devil-may-care logging, he was one of the first to look to the future.

He was a true pioneer.

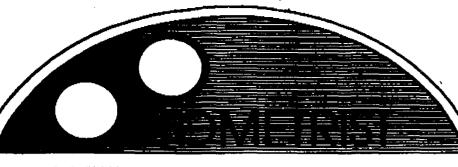

MORE THAN TREES -- The Beal Plantation is much more than a collection of old trees. It has great scientific value in helping to understand what type of trees thrive and reproduce best in sandy soils in temperate regions.

Vikings fly away from the Cardinals

By Craig Hofman

Special Writer

The Grayling High School varsity Vikings football team played an excellent game on both sides of the ball Friday, Oct. 18 to defeat the Onaway Cardinals 36-0.

"We deserve a win like this. Our team has been playing hard all year and they did a great job of not looking past an Onaway team that is better than they looked tonight," said head coach Rodney Patterson.

It was a great night for football, but

see just how hard the team has worked.

The Viking defense played a super game. They held Onaway to a total of only 62 yards of offense. The Onaway running back had a total of 16 rushes for only 18 yards.

The Cardinals took the opening kick off and were able to move the ball down to the Viking 44 yard line, but the defense held on a fourth and seven play to give the Viking offense a

only the Viking faithful showed up to first drive and was forced to punt. The punt was a good one. It drove the Cardinals back to their own 26 yard

> The Cardinal offense struggled with penalties and were forced to pass on a first and 20. Nathan Beckwith came up with an interception and ran it back 28 yards. This gave the Vikings the

ball on the Cardinal one yard line.

Quarterback Nathan Beckwith was able to run the ball in to give the Vikings a 6-0 lead. On the two point conversion attempt, David Sabin took the hand off and ran to his left. He was hit by a Cardinal defender, but broke loose and changed directions. He ran right, found an opening and dove over another Cardinal defender to add the two point conversion. Vikings 8, Cardinals 0.

On the next Cardinal possession the Viking defense continued to execute and stopped the Cardinal offense.

The Vikings scored again with 7:05 left in the second quarter. The Vikings started the drive on their own 26. With some nice runs by Sabin and two receptions by Matt LaForest the Vikings pushed the ball to the Cardinal four yard line.

Sabin then took the hand off and ran the ball in from four yards out to give the Vikings a 14-0 lead. The two point conversion attempt was good when Beckwith connected with LaForest and put the Vikings up 16-0.

On the Vikings next possession, they started from their own 19 and once again put together an impressive drive against the Cardinal defense.

The Vikings mixed up their plays keep the Cardinals guessing. They drove to the Cardinal 43. David Sabin took the hand off and ran to the right side and broke free for the touchdown. There was a flag on the play for unsportsmanlike conduct, on both

teams, after the touchdown so the play stood and the Vikings led 22-0. The extra point attempt was wide to the

confidence. The Vikings took the opening kick off of the second half and once again drove down the field, starting on their own 28.

The drive almost stalled when the Vikings went for it on fourth and 11 on the Cardinal 39. Beckwith hit Brad Ritter on a 20 yard pass to keep the drive alive.

The ball was on the Cardinal eight when with 6:35 left in the third quarter. Nathan Beckwith found Brad Ritter in the end zone for a touchdown. The two point conversion was no good but the Vikings continued to lead 28-0.

The Viking kick off hit a Cardinal player and was recovered by Brad Ritter.

The Viking defense came on the field and took control and a fumbled lateral was recovered by David Sabin.

The Viking offense took over and with: 17 left in the third quarter, Sahin had a three yard run for a touchdown. The two point conversion attempt was good when Nathan Beckwith ran it in to the endzone. The score was 36-0 at the end of the third quarter.

According to a rule by the State of Michigan, if a team ever leads by 35 points or more in the second half of a game there will be a running clock. The clock does not stop even if a player goes out of bounds. It will only stop on a fair catch.

The fourth quarter went by fast.

The Viking defense was able to halt the only real Cardinal scoring opportunity when the Cardinals had the ball on the Viking 22 due to a

The game ended and the Vikings won 36-0.

The Vikings only missed attempt of the night was when the players tried to dump water on coach Patterson, but he was too quick for them.

"The kids played hard and we are very happy for them. It is nice to get our first win on the new field," said Patterson.

"We are looking forward to our next two games against Petoskey and Gaylord. The players are excited and that will help us focus. We will have to play our best to defeat both teams," said Patterson.

Offensively the Vikings were led in rushing by David Sabin. Sabin had 14 rushes for 139 yards and scored three touchdowns, Nathan Beckwith was 6-13 passing for 89 yards with one touchdown pass. Beckwith also had nine rushes for 28 yards and one touchdown.

Brad Ritter caught a touchdown pass and Matt LaForest caught a two point conversion pass.

The defense was led by Jason Hall who had 17 tackles. Jeremy Colby had eight and David Sabin had seven tackles. Sabin also had a fumble recovery and an interception. Ben Haskel had six tackles and Nathan Beckwith had an interception.

Varsity girls go 1-1 for the week

by Craig Hofman Sports Writer

The Grayling High School varsity girls basketball team played two games last week and ended up 1-1.

won the game 48-39.

The Vikings led the game most of the way by at least four or five points. With good shooting and some tough defense the Vikings were able to capitalize on some easy baskets.

free throw line.

The Vikings visited Elk Rapids and bilities well and the team came together for a victory," said Mills.

Jessica St. Germain led the Vikings in scoring with 16 points and Mary Dobry added nine.

The Vikings faced a tough challenge on Thursday, Oct. 17 when they "We played well and what really traveled to face the state-ranked Roscommon Bucks.

"We played hard, but the Roscommon defense was very effective against The Vikings were 22-26 from the us," said Mills.

> The Vikings came back in the third quarter and outscored the Bucks 11-7. The Vikings were unable to keep the momentum and the Bucks came

back to win the game 61-36. "The Roscommon defense forced us to turn the ball over 30 times. You cannot expect to win against a good team with that many turnovers. I was very pleased with our play in the third quarter," said Mills.

The Vikings play their biggest game of the year on Thursday, Oct. 24 when they host the conference-leading Lincoln-Alcona Tigers. If the Vikings win the game they will be in a tie with the Tigers for the conference lead.

The Vikings host Kalkaska on Tuesday, Oct. 29. This will be Parents Night for the players.

In observance of National Dental Hygiene Month the Northland Dental Hygiene Society offers these healthcare tips:

- · Brush and floss thoroughly after meals, or as often as your registered dental hygienist recommends.
- Use a fluoride toothpaste and mouthwash.
- Eat well-balanced meals and limit snacks.

And finally, visit your registered dental hygienists on a regular basis, and show your SMILE during National Dental Hygiene Month.

Viking soccer rising fast

by Craig Hofman Sports Writer

The Grayling High School varsity boys soccer team had a busy week last week with three games on the schedulc.

The Vikings visited Ogemaw said. Heights, West Branch on Monday, were defeated 7-1.

"We played very well and played better against them this time," said GHS head coach Karen Langseth.

Dave Hawkins had 19 saves. Eric Thompson had three shots on goal. Mike Pappas had one shot on goal. Ravi Ramaswamy had one shot on goal that went in, but was called off because the Vikings were offsides.

Pat Lamic scored his first goal of the year.

"Chip Mason had a great game and the team as a whole played well," Langseth said.

On Tuesday, Oct. 15, the Vikings hosted Petoskey's junior varsity team. Petoskey won the game 2-0.

"The team played a great game. Kane Madson and Dave Hawkins both had great games," Langseth said. Dave Hawkins had 21 saves.

Josh Brannan added two saves and Brian McCurdy also played a solid

"We held them to a 0-0 score at halftime, but they were able to break through in the second half," Langseth

The Vikings hosted Cheboygan on Oct. 14 and played a good game, but Thursday, Oct. 17 and were defeated

> "We held them down again throughout the first half and we had plenty of shots on goal, but could not get it into the net," said Langseth.

> Dave Hawkins had 17 saves as the

Eric Thompson had three shots on goal and Pat Lamie had four shots on goal. Jim Rankin, Colin Hunter and Mike Pappas each had one shot on

"I am very proud of our teams effort, improvement and never-give-up attitude. Our team is starting to come together because we are gaining experience and using that experience to become more aggressive," Langseth

The Vikings played Leroy Pine River at home on Tuesday, Oct. 22.

Viking freshman Josh Brannan was chosen Viking of the Week for his six saves from his defensive position, during a game against the Cheboygan varsity team, earlier in the year.

Cross Country Adria Frankina

Viking freshman Adria Frankina was chosen Viking of the Week for her decision to run on an injury, to allow her team to compete as a team at the conference meet.

By the time you read this I should be in Colorado hunting deer and maybe an elk. We try to do this trip each year about this time. We camp out and hunt on State or Federal land, so this not an expensive trip, but we sure do have lots of

It is however very hard work and we sleep well at night! We do a lot of walking and I always said it seems to be all uphill going and all uphill coming back! We generally see quite a few deer and always some nice bucks but as always

the big ones are hard to get a shot at!! Non resident deer licenses cost \$150.25 and elk cost \$250.25 and if you were born after 1949 you must have a hunter safety certificate.

NOTICE OF A PUBLIC HEARING ON INCREASING PROPERTY TAXES

The BOARD OF COMMISSIONERS of the COUNTY OF CRAWFORD will hold a public hearing on a proposed increase of .21532 mills in the operating tax millage rate to be levied in 1996.

The hearing will be held on Tuesday, November 12, 1996 at 10:30 a.m. at 200 W. Michigan Avenue, Grayling, MI 49738.

The date and location of the meeting to take action on the proposed additional millage will be announced at this public meeting.

If adopted, the proposed additional millage will increase operating revenues from ad valorem property taxes 2.08% over such revenues generated by levies permitted without holding a hearing. If the proposed additional millage rate is not approved the operating revenue will increase by .07350% over the preceding year's operating revenue.

The proposed millage rate, if adopted by the county, would be the same rate as spread for 1995.

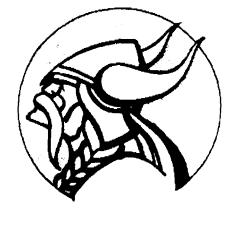

The taxing unit publishing this notice, and identified below, has complete authority to establish the number of mills to be levied from within its authorized millage rate.

The Grayling High School junior varsity basketball team was recently defeated by Elk Rapids and Roscom-

"The game was close. In fact, we were probably better, but we only got to the line three times during the entire game. Elk Rapids went to the line 35 times which gave them the chance to win the game," said GHS head coach Chris Dunckley.

Elk Rapids defeated the Vikings, 44-33. Carrie Hatfield was the leading scorer for the Vikings with nine points. Brie Blaauw followed closely with eight points.

The Vikings were also defeated by the Roscommon Bucks junior varsity team.

The Vikings allowed the Bucks a 16-3 lead in the first half.

"The game was closer than the score indicated. We had good play from the entire team," said Dunckley.

"Our post players Carrie Hatfield, Heather Ross, Brie Blaauw and Mika Sumner are really showing improvement," Dunckley said.

"We have a young team with a bright future," Dunckley added.

Roscommon defeated the Vikings 65-40. The leading scorers were Mika Sumner and Karen Wyman with eight points each.

The Vikings take on Lincoln-Alcona on Thursday, Oct. 24. "This is a big game for us. We are trying to defend our winning streak in the conference for the junior varsity," Dunckley said.

MEMBERS ABSENT: None.

OTHERS PRESENT: Bud Fritu, Deborah Schreiner, Shannon Wakeley, Cory Craft, Vickie Carter, Jeremy Colby, Jennie Leah, Terry Wright, Norm Bancroft. Meeting was called to order by Supervisor

Stancil at 7:30 p.m. Motion by O'Mara, support by Medler, to approve minutes of September 10, 1996, as presented. All ayes, motion carried.

Treasurer's Report for September 1996 was read and placed on file.

CORRESPONDENCE: (No action required) Crawford Emergency Central Dispatch, 8-96 and 9-96 Activity Reports; Michigan Natural Resources Trust Fund minutes, 8-21-96; Crawford-Roscommon Conservation District minutes, 9-96; Note from Rd. Comm. 9-27-96, RE: Road signs. BUSINESS:

1. Regarding note from the Road Commission for Crawford County stating that road signs on contract with Grayling Township have been installed. Those that have not yet been installed are made and in inventory at the Road Commission. As these roads are improved and developed the signs shall then be installed and the Township billed. A bill for \$12,015.00 and inventory list were submitted.

Motion by Corlew, support by O'Mara, to amend the 1996-97 General Fund Budget regarding Road Improvements to allow a transfer of \$12,015.00 from the Grayling Township Improvement Fund to pay for road signs installed

in 1996. Ayes; five, Nays; none, motion carried. 2. Responses from Planning Commission members, George Monk and Anthony Luppo stating their desire to continue serving for another three year term. Planning Commission Chairperson, Gerald "Bud" Fritts, commented that both gentlemen are doing a good job.

Motion by Corlew, support by Medler, to reappoint George Monk and Anthony Luppo to year terms on the Grayling Townshi Planning Commission beginning November 1, 1996. All ayes, motion carried.

3. Ashton explained proposed amendments to the Township Pension Plan, through Manulife Financial. The amendments concern mandatory contributions by employees, maximum limits of contributions, and accepting 'roll-over' funds from other plans. The amendments are required to keep the Township Pension Plan in compliance with new IRS regulations.

Motion by O'Mara, support by Corlew, to adopt the Second, Third and Fourth Amendments to the Grayling Township Manulife Financial Pension Plan. All ayes, motion carried.

4. The 8:00 p.m. Public Hearing for Wintergreen Lane Special Assessment Roll has been canceled because the required percentage

of property owner signatures requesting the improvements has dropped from the minimum of 51% to 47%. 5. Request from Patrick Ross to split Lot 1 of

Davenports Pine Acres, to be known as Lots 1-A and 1-B. A survey of proposed split was

Motion by O'Mara, support by Medler, to approve split of Lot 1 of Davemport Pine Acres as the parcels creased will conform with Grayling Township Zoning. All syes, motion carried.

6. Grayling Township Recreation Authority update on request for assistance in repairing the roof on the lodge at Hanson Hills. Jim Parkinson, Scott McClain and others have volunteered labor to repair a portion of the roof. The estimate for materials and non-volunteer labor is \$6,000.00. There is \$1,300.00 remaining from the low rope estimate approved in September. Figures are not in regarding remaining funds from the painting project for the buildings at

Motion by Medler, support by Corlew, to allow the \$1,300.00 remaining from the tow rope project and any funds remaining from the painting project to be used toward repairing the roof at Hanson Hills. When a detailed accounting of roof project needs and funds necessary to complete the project is provided this Board will determine if further funding can be authorized. Ayes; four, Nays; none, Abstain; O'Mara, motion carried.

7. Snow plowing bids were opened. Bids were received from four contractors: Milltown Carpet Plow Service, Superior Finishers, R. Calkins & Sons, Milltown Sand & Gravel.

Costs for snowplowing the Township Hall and Compactor Station for the last three seasons were considered. R. Calkins & Sons submitted the low bid. Mr. Calkins has provided this service in other years and has done an excellent

Motion by Corlew, support by Medler, to accept the anowplowing bid of R. Calkins & Sons for the 1996-97 season. Ayes; five, Nays; none, motion carried.

8. Building Department hours were discussed. The possibility that the Township may be asked to consolidate its building and zoning with Crawford County was discussed. All board members agreed that since we are currently running an efficient building dept., with permit fees much lower than Crawford County's, it would not be in the best interest of our tax payers to turn this department over to county control at

9. Temperature Control, Inc., were on site on Monday, October 7, to do an estimate on servicing the 20 year old heating and cooling system in the Township Hall. A detailed estimate was provided and the costs are \$5,000.00. They

Motion by O'Mara, support by Medler, to amend the General Fund Budget to allow a transfer of \$5,000.00, from the Township Improvement Fund, if necessary, to improve the existing heating and cooling system at the Township Hall, as estimated by Temperature Control, Inc. USDA FOREST SERVICE Huron-Manistee National Forests Cadillac, Michigan Kirtland's Warbler Habitat Management Amendments

On October 16, 1996, Forest Supervisor Stephen A. Kelley signed a decision to implement the proposed action of the Environmental Assessment for Kirtland's Warbler Habitat Management Amendments. The proposed action includes amending the Huron-Manistee National Forests' Land and Resource Management Plan by: 1.) adding a standard and guideline directing the design and configuration of treatment blocks that mimic the regeneration results of wildfire by harvesting and planting jack pine as described in the Kirtland's Warbler Habitat Management Strategy; 2.) modifying an existing standard and guideline allowing treatment blocks in essential habitat for the Kirtland's warbler to be up to 550 acres in size; 3.) modifying an existing standard and guideline relating to the treatment of adjacent blocks; 4.) adjusting the locations of ecologically-suited lands to be managed as essential habitat in Management areas 4.2 and 4.5.

This decision is subject to appeal pursuant to 36 CFR 217. A written notice of appeal must be filed in duplicate within 45 days from the date this notice was published in the Cadillac Evening News (October 19. 1996). Appeals must meet the content requirements of 36 CFR 217.9. Submit appeals to:

USDA-Forest Service, Eastern Region ATTN: Appeals Deciding Officer (RFO) 310 West Wisconsin Avenue Milwaukee, WI 53203

The decision notice and environmental assessment for this project are available for public review at the Huron-Manistee National Forests Supervisor's Office, 1755 S. Mitchell St., Cadillac, MI 49601; Mio Ranger Station, 401 Court St., Mio, MI 48647; and Huron Shores Ranger Station, 5761 North Skeel, Oscoda, MI 48750. Implementation of this decision may occur after 7 calendar days from the date of publication.

Proper Home Equity Use

Are you planning to take out a home equity loan for your "dream vacation" or to buy a new wardrobe? A recent survey by the Consumer Bankers Association revealed that one in five banks is offering home equity loans to their customers. The most common method is to issue credit cards which allow homeowners to tap into their home equity.

Lenders indicate that their customers find such credit cards a convenient way to tap into their home equity. Financial planners refer to this added "convenience" as a deceptive temptation. Such borrowing can result in an imperceptible erosion of the homeowner's equity, which for most people represents their life savings or nest egg.

Such convenient credit lines may make sense from the point of view of emergencies or opportunities for sound investment. Just be very careful--and know yourself!
